

Covid-19 Compliance Document

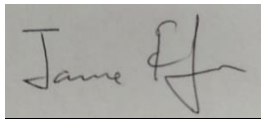

- *Sections One and Two to be completed prior to the event/activity*
- *Section Three is to be printed and used to ensure and record the cleaning protocol being carried out. This must be kept in your records and may be subject to spot checking by the clubs and societies office.*

Section One

Question	Response
Is this proposed event organised in compliance with the current government guidance for gatherings during Covid-19 and your National Governing Body/Organisation (where applicable)?	Yes
Have all attendees been made aware of the importance of not sharing vehicles with others <u>from</u> outside of their family group to get to/from events? The family group can be taken to include individuals that are not family but are sharing living accommodation.	Yes
What are the controls you are putting in place to ensure social distancing?	Players are told to show up in gear ready to train. Players are told to enter and exit pitch promptly and avoid hand shaking etc. All players will bring their own towels, hand sanitizers and water bottles.
Will you be sharing equipment throughout this event?	Yes, footballs and cones. These will be sanitized before and after session
Are you aware of the Covid-19 isolation space in the location of your event?	Yes
What is your process should an attendee feel unwell/develop Covid-19 symptoms during this event? (step by step actions required)	Players are instructed not to attend if showing symptoms of Covid-19. If a player begins to feel unwell/show symptoms during training, they will be instructed to leave training and proceed to the UL isolation space. We will contact this player to see how symptoms develop and if they go for a Covid-19 test

Do you have any attendees in the higher risk category?	No
If yes, what additional controls (if any) are necessary to protect these individuals?	N/A
Is it possible to maintain mask wearing throughout your event?	No
What method are you using for waste disposal of potentially contaminated waste (tissues, masks etc etc.)?	N/A
Are you aware of the UL/UL Student Life Covid-19 protocol?	Yes
Will you have antibacterial hand liquid or handwash station at the entry point of your event?	Yes
Are there arrangements in place to inform members and non-members /visitors of the measures to help prevent the spread of Covid-19 infection and to ensure that they adhere to same while participating in this event?	Yes. Members will be informed of procedure via WhatsApp message or email (members only event). This will also be communicated verbally prior to the start of event.
I acknowledge that I am required to record every attendee via ulwolves.ie	I acknowledge that I am required to record every attendee via ulwolves.ie
Name of certified Covid-19 officer(s) who will be attending the event/activity in its entirety	Jamie Flynn Mark Nolan

Section Two: Cleaning Protocol

It is important to give as much detail as possible in your cleaning protocol. You need to think of all the equipment being touched by your members as well as the commonly touched areas throughout your event (e.g. light switches, door handles, tables, sports ball etc.)

Equipment		
Equipment	Cleaning Solution Used	Method & Frequency
<i>Footballs</i>	<i>Disinfectant</i>	<i>Before and after session</i>
<i>Cones</i>	<i>Disinfectant</i>	<i>Before and after session</i>
Common Touch Areas		
Area	Cleaning Solution Used	Method & Frequency
<i>n/a</i>	<i>n/a</i>	<i>n/a</i>
Other		
Area	Cleaning Solution Used	Method & Frequency

n/a	n/a	n/a
