## **1. Introduction**

This safety statement is designed to set out the control measures that the society has in place to reduce the risk associated with its activities to the minimum that is reasonably practicable.

The document sets out the role of the society's/club's officers with respect to safety.

It also sets out the standards that UL Student Life (ULSL) require the society to adhere to.

The officers have overall responsibility for ensuring safety standards are high and that members are aware of these standards.

Further to this statement, supporting documents containing information on the Standard Operating procedures of UL Wolves Clubs & Societies are available on the UL Wolves Website Committee Panel. <https://cp.ulwolves.ie/#resources> and should be consulted as needed

### **1.1 Role of the President of the Club/Society**

The Presidents role with respect to safety involves the following:

- Ensuring that everyone is familiar with the Safety Statement.
- That there are first aiders and first aid equipment available if required.
- That trip leaders are suitably experienced.
- That relevant training is provided where necessary.
- That everyone is aware of the action to be taken in an emergency.

### **1.2 Role of the club/society member**

Clubs and Societies endeavour to offer their members a safe environment in which to participate in activities. The Officers will, to the best of their abilities, bring to the attention of members the risks associated with the activities. However, members are expected to make themselves aware of hazards and to be responsible for their own health and safety:

- Members must not jeopardize the health and safety of other members through their own actions.
- Members are expected to follow instructions given by Officers or trip leaders
- Members should attend relevant training courses provided for them.
- They should raise any safety concerns that they have with an Officer or trip leader.
- Members should inform an Officer or trip leader of any relevant medical conditions that might impinge on their ability to participate or that might affect emergency first aid treatment.
- Members are responsible for obtaining as much information as possible about any planned activity, so as to be able to make an informed decision as to whether it is a suitable activity for them.

### **1.3 Communicating the contents of the Safety Statement**

An administration seminar is held on an annual basis. The overall content of the Safety Statement will be dealt with at this seminar. At least one society officer must attend the seminar and inform other officers of the content.

## **2. Reporting of accidents**

Accidents that occur as a result of the society's activities or while a member is participating in the society's activities must be investigated, recorded on the SU accident report form (form attached in the appendix) and a copy sent to Student Life (SL), Clubs & Societies Development Officer or Clubs & Societies Liaison Officer within 5 days of the accident occurring.

Members are insured against personal injury while participating in society activities. Non-members are not. ULSL will deal with claims that may arise. Officers must ensure members are signed up and in full compliance with the Clubs & Societies on-line membership registration process. (<https://ulwolves.ie/society/games> )

Accidents are defined as incidents where a person is injured to such an extent that they require first aid or other medical treatment (doctor, nurse, hospital visit).

### **2.1 Serious accidents and fatalities**

Serious accidents or fatalities must be reported to the Head of Student Engagement, Paul Lee as soon as possible. If the C&S Development Officer is not available, the General Manager must be notified or the President of UL Student Life or the Clubs & Societies Liaison Officer

#### **2.1.1 Contact details**

Paul Lee, Head of Student Engagement, (w) 061-213477 - (m) 0860435307

Martin Ryan, General Manager (w) 061 202325 - (m) 086-0435306

## **3. First aid**

For activities where there is a risk of minor injury an officer of the society must be designated to maintain a suitable first aid kit. For activities where there is a higher risk of injury the society should have a designated trained first aider with each group

The first aid kit must be brought on trips away. The recommended contents of a travel first aid kit are given below however certain activities may require specialized contents.

The Health & Safety Officer in charge of the first aid kit.

<b>Materials</b>	<b>First Aid Kit Contents</b>
Wash proof Plasters	40
Medium Wound Dressings	9
Safety Pins	12
Large Wound Dressings	3
Paramedic Shears/scissors	1
Sterile Eye Pads	4
Non-Woven Triangular Bandages	6
Hygienic Wipes	10

#### **4. Hiring of transport**

When hiring minibuses or other vehicles for society outings only those named as drivers (with the appropriate driver's license) are insured to drive the vehicle. Other society members must not drive. Where possible only minibuses fitted with seat belts should be hired, check with the hire company beforehand.

##### **4.1 Clubs & Society Vehicles Usage & Policy**

UL Student Life's Clubs & Societies Department currently own 3 vehicles for the purposes of enhanced service provision to aid and promote the development of Clubs & Societies activities.

The usage is governed by a protocol and associated forms. Information pertaining to the Vehicles regarding the license category, age restrictions, insurance requirements, towing restrictions and legislation refer to:

1. See Appendix 3 Forms Re C&S Vehicles 1 -Vehicle Protocol
2. See Appendix 3 Forms Re C&S Vehicles 2- Committee Letter of Endorsement
3. See Appendix 3 Forms Re C&S Vehicles 3 - Additional Drivers Form
4. See Appendix 5 Clubs & Society Vehicle Information

##### **4.1.1 What to do if the C&S vehicle breaks down**

- If you have hazard warning lights, switch them on.
- Move your vehicle on to the hard shoulder. If you cannot do this, take whatever steps you can to warn other drivers of its presence.
- Always get out of your vehicle from the passenger side. Do not attempt to walk on the motorway.
- Get help quickly and do not leave your vehicle unattended for longer than necessary. Wait for help on the embankment side of the motorway.
- To avoid being hit by a passing vehicle, never work on your vehicle from the side that's exposed to traffic. If you can, drive farther off the road to a safe, well-travelled place, and try to reach into the trouble area from the front or the side that's away from traffic.
- If you are driving the Sprinter Van or the Minibus, display your warning triangle behind the vehicle.
- Use the roadside telephone or a mobile phone to tell the Gardaí.
- When re-joining the motorway, build up your speed first on the hard shoulder. Watch for a safe gap in the traffic before re-joining it.
- If you know that you're going to need roadside assistance, use your mobile phone to call AA Rescue Service 1800 66 77 88. UL C&S membership number is 6/S 164715
- If you get a flat tire, do not attempt to change it unless you can get to the side of the road and the tire is on the side of the vehicle that's safely away from traffic.

##### **4.1.2 Travelling abroad**

When taking any of the vehicles to mainland Europe the society must take out AA 5\* European Breakdown Cover

##### **4.1.3 What Drivers Must do at an accident or in an Emergency**

- If you are involved in an accident, you must stop your vehicle and remain at the scene for a reasonable time. If vehicles are blocking the roadway or posing a danger to other road users, the roadway should be marked and the vehicle should then be removed as soon as possible.
- If you are asked by a Garda, you must give your name and address, the address where the vehicle is kept, the name and address of the vehicle owner, the vehicle's registration number and evidence of insurance, such as the name of your insurance company or a disc or motor insurance certificate. If there is no Garda at the scene, you must give this

information to any person involved in the crash or, if requested, to an independent witness.

- If you or another person is injured and there is no Garda at the scene, the accident must be reported to the nearest Garda station. If the accident damages only property and there is a Garda in the immediate vicinity you must report it to the Garda. If there is no Garda available you must provide this information to the owner or the person in charge of the property. If, for any reason, neither a Garda nor the owner is immediately available you must give all relevant information at a Garda station as soon as a reasonable possible.
- At the time of the accident don't admit liability. Many people feel apologetic about accidents for which they are not responsible (aggression doesn't signify innocence either).
- Make a note of the name, address and insurance information (company & policy number) of the other people involved.
- Make a note of the registration numbers and positions of any vehicles. Obtain names of any witnesses and Gardai involved.

**Tell us about the accident as soon as possible by calling Paul Lee @ 086 0435307 or other Student Life/Clubs & Societies Senior staff**

- The UL Wolves C&S office requires an accident report form to be completed in every case.
- Where a person or persons are injured, the accident must be reported at the nearest convenient Garda Station if no Garda is present at the scene of the accident.
- Where damage to property only is involved it is not necessary to report the accident at a Garda Station provided the driver gives necessary particulars as b) above to the person whose property has been damaged. If you are involved in an accident with a visiting motorist, report the accident to the Motor Insurers Bureau of Ireland, 39 Molesworth Street, Dublin 2. Telephone: (01) 676 9944.

## **5. Hiring of venues**

If a venue (external to UL) is to be used by the society for its own activities or for events a society officer should ensure that there are sufficient trained security persons at the venue for the duration of the event (if required). The officer must clarify whether the venue will provide these or if they need to be supplied by the society. If there is any doubt about numbers of security the Events Committee should be consulted.

The society officer should also request the venue manager to sign the declaration set out in the form (attached in appendix). This form is a fire safety declaration of compliance with the relevant legislation and provides assurance to the society's officers that the venue is safe from a fire safety perspective. This form is not required when clubs or societies are using conventional venues such as hotel function rooms and nightclubs but is needed when hiring halls, marquees and venues not usually used for large groups.

## **6. Purchase of services**

Where a society uses the facilities of a service or equipment belonging to a service provider an officer of the society must ensure that the service provider has public liability insurance. A copy of the certificate of insurance should be obtained by an officer of the society prior to the use of the venue or equipment. A copy of the insurance certificate must be given to the Head of Student Engagement Paul Lee.

Ensure that the insurance policy wording does not exclude any of the activities that your society will be participating in. If the service provider cannot provide a certificate, then the society should use an alternative service provider.

## **7. Hiring in equipment to be used on campus**

If a club or society is hiring in equipment for use on campus such as bouncy castles or performers such as fire jugglers, the society's officers must first obtain permission from UL Student Life. Once permission is obtained the society must get an up-to-date copy of the service provider's insurance certificate. A copy of the insurance certificate must be sent to;

Cliona Donnellan, -Administration and Insurance Manager- UL Buildings & Estates (**Phone: +353 (0)61-202496, Fax 202416, Phone ext. 2496**)

The equipment/event can only proceed if the event is given the go-ahead by UL's insurers through Cliona Donnellan.

## **8. Safety checks on equipment owned by UL Student Life & the society.**

Equipment purchased by clubs/societies is the property of UL Student Life and must be returned to ULSL should the society cease to operate.

To ensure the safety of users ULSL require society officers to carry out visual checks on all equipment whose use could have implications for health and safety, i.e. if the equipment was faulty or in poor condition it may adversely affect the health and safety of users.

Checks must be carried out at the start of the first term before the equipment is used and the checks must be formally documented. A copy of the visual inspection must be sent to the Head of Student Engagement, Paul Lee.

## **9. Loaning of equipment**

Society equipment or equipment belonging to the University must not be loaned to third parties who are not members of ULSL. A society member must not borrow equipment for use by third parties.

## **10. Using electrical equipment**

### **Risks**

There are a number of risks associated with electrical equipment.

- If you damage electrical equipment, for example a cable, then bare live wires may be exposed.
- Apparatus may be wrongly connected so that outside metal parts become live.
- Even equipment which does not have a mains power supply itself can become dangerous. For example, some audio systems have loudspeakers with terminals at dangerous voltages.
- Electrical equipment that overheats can cause fire.

### **Precautions**

- Maintenance, inspection and repair should only be carried out by someone who is suitably qualified.
- Do not rely on other people's equipment being in a safe condition or properly connected. Check before you use it.
- Do not connect or use incompatible items of equipment.
- Use a residual current device (RCD) on the power supply to instruments, audio equipment and any other equipment which society members use. If the RCD trips it is a sign that there is a fault that could be dangerous. Do not ignore the warning. Have it checked and get the fault fixed by a competent person.

## **11. Risk Assessment of Events**

Events organised by the society where a significant hazard may be present must include a Health & Safety Risk Assessment. This document outlines any potential hazards to attendees over the course of the event, their severity and measures to be taken in order to minimize the risk of an incident during the event.

The Risk Assessment document must be sent to the Clubs & Societies Office for review and approval. Any changes or additions to the Risk Assessment document proposed by the C&S Office must be implemented and re-sent for approval in order for an event to take place.

A copy of the Risk Assessment document is available on UL Wolves

## **12. Trips in Ireland (day and longer) where attendees may be involved in potentially hazardous activities**

Society officers must leave contact details with a designated responsible person before setting out on a trip, giving the destination and estimated time of return. The society officer should contact the designated person on return of the society members. In the event of a problem arising, the designated person should be instructed to contact the appropriate authorities and the SU. A risk assessment in writing must be produced for trips involving hazardous activities.

### 13. **Foreign Trips (Outside the island of Ireland)**

It is MANDATORY to inform the Head of Student Engagement ([Paul.Lee@ul.ie](mailto:Paul.Lee@ul.ie)) and other senior C&S staff in the case of a foreign trip.

An itinerary is required in advance of all trips outside of the island of Ireland. The itinerary must include

1. Flight/Ferry information, and accommodation phone numbers and a daily schedule of the planned activities
2. The contact details of the Event coordinators while abroad and the person/people designated to be responsible for First Aid (where possible)
3. In Case of Emergency (ICE) contact details must be provided by every participant to the Event Co-Coordinator, and provided to the CSDO (and Sports Administrator where applicable) at least a week in advance of the planned trip

Ensure the Clubs & Societies Travel Insurance Policy Number is brought which is available from CSDO, Clubs & Societies Liaison Officer or ULSU Secretary General in advance of the trip

2. Check if vaccinations are required and make the necessary arrangements with your members
3. Collect passport details for all participants and check if all passports are valid until at least 3 months after the trip. Some countries may require passports to be valid for e.g. 6 months after the planned return date.
4. Certain activities require separate insurance to Clubs & Societies main insurance policy for the activities to be undertaken i.e. skydiving, sub-aqua, and the details of these policies must be known to members and CSDO in advance of trips.
5. To avoid unnecessary complications arising from theft and loss of passports while abroad members should have a backup record of their passport either via a photocopy or scanned copy of their passport and that could be left with a family member. ## **Appendix 4 Clubs & Society's Bullying & Harassment Policy**

The Clubs and Societies are voluntary social, recreational and leisure clubs that run activities for students and staff of the University of Limerick and other membership's categories to enjoy in their leisure time. We envisage that those in the Club/Society will treat each other with respect and dignity at all times. All members are expected to conduct themselves in appropriate manner at all times and must not engage in any form of bullying or harassment.

All members of the University of Limerick Clubs and Society's must comply with this policy and appropriate measures will be taken against members who disregard this policy and act in an inappropriate manner. Appropriate disciplinary action, including termination of membership, will be taken against any member who violates this policy.

The policy applies to all members of clubs and societies, members of UL Student Life and any other parties involved in the clubs/societies whether in the University of Limerick or off site whilst engaged in the activities of Clubs & Societies. The policy applies to harassment not only by fellow members but also by a customer or other club/society/University contact to which a member might reasonably expect to come into contact within the course of their club/society membership. Bullying / harassment within the clubs and societies will not be tolerated by the University of Limerick Student's Union under any circumstances. This policy provides for prompt, fair, confidential and effective redress for targets of bullying/harassment.

### **Definitions**

#### **Harassment**

Harassment is defined as any act of conduct which is unwelcome and offensive, humiliating or intimidating on a discriminatory ground including spoken words, gestures, or the production, display or circulation of written material or pictures. Harassment in relation to the nine discriminatory grounds (race, religious belief, age, sexual orientation, disability, marital status, membership of the Traveling community, gender and family status), is prohibited within the Clubs and Societies. Harassment of any kind will not be condoned by the Clubs and Societies Executive. Any members who are found to have engaged in harassment on any of the grounds will face disciplinary action up to and including expulsion from the Club/Society.

#### **Sexual Harassment**

Sexual Harassment is defined as all unwelcome and sexually, or otherwise on the gender ground, offensive, humiliating or intimidating actions involving acts of physical intimacy, spoken words, gestures or the production, display or circulation of written material or pictures, or requests for sexual favours. Sexual harassment is prohibited by the Clubs and Societies Executive. Any members who are found to have engaged in sexual harassment will face disciplinary actions up to and including expulsion from the Club/Society.

#### **Bullying**

Bullying is repeated inappropriate behaviour, direct or indirect, whether verbal, physical or otherwise, conducted by one or more persons against another or others, at the Club/Society and/or in the course of club activities, which could reasonably be regarded as undermining the individual's right to dignity. An isolated incident of the behaviour described in this definition may be an affront to someone's dignity but, as a once off incident, is not considered to be bullying.

Bullying can include conduct offensive to a reasonable person, e.g. oral or written slurs, physical contact, gestures, jokes, displaying pictures, flags/emblems, graffiti or other material which state/imply prejudicial attitudes which are offensive to fellow members.

## **Procedures**

There is both an informal and formal procedure to deal with the issue of bullying/harassment within the clubs and societies. It is our aim that any investigation that takes place will be completed as quickly as possible.

### **Informal Procedure:**

It is often preferable for all concerned that complaints of bullying or harassment are dealt with informally whenever possible. While in no way diminishing the issue or the effects on individuals, an informal approach can often resolve matters more effectively. As a general rule therefore, an attempt should be made to address an allegation of bullying/harassment as informally as possible by means of an agreed informal procedure. The objective of this approach is to resolve the difficulty quickly and effectively, with the minimum of conflict and stress for the individuals.

a) Any member who believes he or she is being bullied/harassed should explain clearly to the alleged perpetrator(s) that the behaviour in question is unacceptable. In circumstances where the member finds it difficult to approach the alleged perpetrator(s) directly, he or she should seek help and advice, on a strictly confidential basis, from a fellow member of the Club/Society. The fellow club member can be a support for the complainant in approaching the alleged perpetrator to explain the reasons they feel they are being bullied or harassed.

It is recognised that it may not always be practical to use the informal procedure, particularly where the harassment / bullying is of a very serious nature.

### **Formal Procedure:**

If an informal approach is inappropriate or if, after the informal stage, the bullying/harassment persists, the following formal procedures should be invoked: -

- a. The complainant should make a formal complaint, in writing, to the Club/Society committee detailing precise details of actual incidents of bullying/harassment; for example, state the name of the alleged perpetrator, the nature of the complaint, dates and times of when the incidents occurred, witnesses, and any action that the complainant may already have taken, if any.
- b. The alleged perpetrator(s) should be notified in writing that an allegation of bullying has been made against them. They should be given a copy of the complainant's statement as soon as is practicable and advised that they shall be afforded a fair opportunity to respond to the allegation(s), within specified time limits. No outcome regarding the complaint will be made until a full and fair investigation has taken place.
- c. Before commencing an investigation, the Club/Society committee may take the decision to exclude the alleged perpetrator from any Club/society activities while the investigation is ongoing if it is deemed appropriate. This in no way implies any wrongdoing on the part of the perpetrator but will be taken as a cautionary measure to prevent exacerbating the situation between the complainant and the alleged perpetrator.

- d. The Club/Society committee will appoint two members of the committee who will be tasked with investigating the complaint. They will prepare clear terms of reference which outline the background to the complaint, who should be interviewed through the course of the investigation and the timeline in which to resolve the complaint.
- e. Meetings will be arranged with the complainant, the alleged perpetrator and any named witnesses. All will be asked to respond to the complaint and detail their version of events. Both parties and witnesses have the right to be accompanied by a representative at all meetings. Meeting notes will be taken and once committed to type must be signed by the relevant person who was interviewed as a true and accurate reflection of the discussion.
- f. Those investigating will prepare a report of their findings and submit it to the Clubs/Societies committee for a final decision. The two committee members who have taken part in the investigation should not make a decision regarding the outcome.
- g. Once a decision has been made, the complainant and the alleged perpetrator must be informed as soon as is practicable.
- h. If the complaint is upheld, the Club/Society committee will instigate the Clubs and Societies Disciplinary Procedures. Actions taken can include expulsion from the Club/Society.
- i. If the complaint is not well found, both parties should be brought together by the Club/Society committee and a mediation process should be implemented to ascertain whether both members can move on and continue to partake in the club/society's activities.
- j. If the complaint is discovered to be malicious or vexatious, the Club/Society committee may instigate the Clubs and Societies disciplinary procedures against the complainant.
- k. Retaliation of any kind against the member for complaining may also constitute bullying/harassment and is a serious disciplinary offence.

## **Appeals Process**

If either party is unhappy with the outcome of the investigation, both parties have the right to appeal to the Clubs and Societies Executive Committee within 5 working days of the findings being issued. A party, who wishes to appeal the outcome, should put the reason for the appeal in writing and address it to the Student President.

Upon receiving the appeal letter, the Clubs and Societies Executive Committee will appoint two members of the Committee to hear the appeal. They may choose to conduct further investigations or implement a new investigation. A decision regarding the outcome should be taken within ten working days of receiving the appeal.

## **Statutory Rights**

Members are obliged to exhaust all internal procedures prior to making a complaint to a third party. Using the above complaints procedure, does not affect a member's right to make a complaint under the relevant legislation, i.e. Employment Equality Act 1998, Health and Safety Legislation, or other appropriate industrial relations legislation.

## **Confidentiality**

All individuals involved in the procedures referred to above should maintain strict confidentiality on the subject. All involved will be reminded of this throughout the investigation process.

## Brake requirements

For O1 Trailers (DGWV not exceeding 0.75 tonnes)

O1 trailers with a single axle are not obliged to have brakes provided that their DGWV is less than half the DGWV of the towing vehicle.
